

06.01/2025 Meeting Minutes Taken by Leigh P.

Meeting was called to order by Mark and we opened with the Serenity Prayer
Carly read the 12 Traditions
Mark read last months minutes - Mark called for order and carley second it

Karly read Treasures' report

Richard asked about the amounts that Karly paid to the district and why the amount was so large. Carely answered his question and that was fine

GSR Report - Kelley read her notes (sorry, did not get all of what she said) Serenity group is having their anniversary party soon

Literature - Charles said all looked good, would inventory books, pamphlets and chips and make an order if need be.

Supplies - All is good, well stocked

CPC- PI - Not much going on. Has been trying to work with local doctors to help patients who might have an issue with alcohol. Doctors are pretty unresponsive.

Richard asked if there was still an open position for facilities and maintenance [position open.

Mark stated that yes we still have this position open.

Carley asked if she could elect Megan to be Back up for Carley. We voted on this and Megan is now backup treasurer for Karly.

New Business - .Discussed putting up cameras in the hall, preferably to view the Coffee area where the box is and in the front room where money is dropped. Chuck asked if we know who is the culprit. A few people named the accuser who is pulling the notes off the board in the lock box. Charles said he thought it would be more cost effective if we just spoke with him directly and then agreed he would speak to him and let us know. We then decided that for now we will table this discussion and bring it up in the next months meeting.

Penny came over from the Gainesville group and brought the Orange can and we said we would. This money collected goes to purchase Literature for inmates in prison to hand out to them in meetings. We all agreed that this would be fine and we would be happy to pass around. (The following month it was decided we would make a donation on a quarterly basis at the same time we donate to Intergroup etc.)

Carley informed Us that the HVAC contract is coming up for renewal and would. She is going to look into this further as she is not aware of the cost and had not discussed this with Karen and was not sure what all is included in this service will look deeper into this.

Mark asked if anyone else had anything to bring to or discuss anything else. Meeting was adjourned and we closed with the Lord's prayer.
